

BARNARD COLLEGE AND COLUMBIA UNIVERSITY
ASIAN PACIFIC AMERICAN HERITAGE MONTH PRESENTS

OPENING CEREMONY 2022

As Asian and Pacific Islander people across the diaspora create home all over the world, Flux thinks about what can arise out of embracing new situations. Food is always at the forefront of culture, and is how many of us keep culture close to heart in places that are constantly in flux.

FROM ASIAN AMERICAN ALLIANCE

Join us for a night of food, performances, and community to commemorate and uplift AAPI resilience and creativity! With performances from AAPI-identifying student organizations and artists, the AAA Gala seeks to bring together the Columbia AAPI community in the wake of violence and hate to create space for healing and recognize our strength. All proceeds will go to Red Canary Song and Asian Americans Advancing Justice.

FROM LIGA FILIPINA (@culigafilipina)

Friday, April 29th at 7PM; Diana Oval

LASA: Taste of the Philippines is our annual event to showcase our Filipino culture. It will be a night filled with Filipino food, music, cultural performances, speeches, and activities surrounding our theme – “PISTAHAN” or feast. We chose this theme to celebrate achievements, resilience through hardship due to COVID-19, and create a community by sharing our love for Filipino food.
